

# Windows Mobile: IMAP Configuration

This article will assist you with setting up your Windows Mobile or Tablet device, using IMAP, for your Hosted Mailbox.

1. Tap the Windows button and locate the "**Settings**" option from the Application Menu.

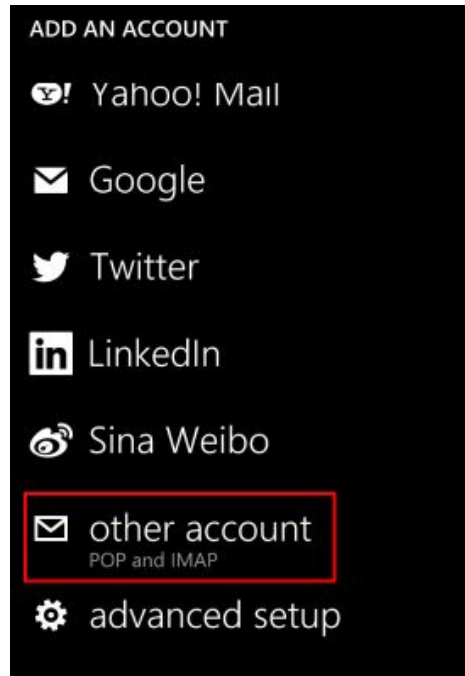

2. Tap "**email+accounts**".

3. Tap "**add an account**".

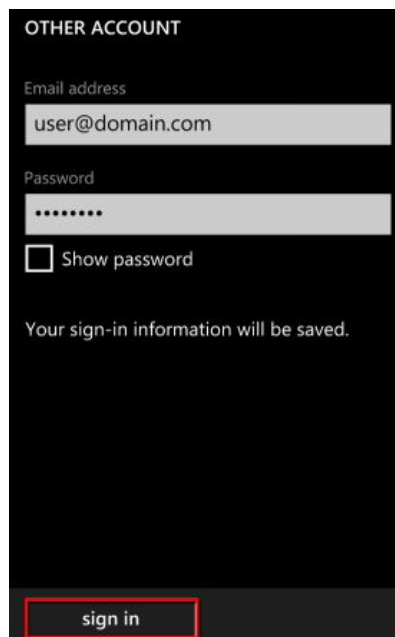

4. Tap "other account (POP and IMAP)".

5. Enter the following details:

- a. "Email Address": **XXXXXX**@salishmail.com (**Replace XXXXXX with your mailbox name**)
- b. "Password": Your mailbox password

6. Tap "sign in".

7. The phone likely will be unable to determine your settings. Tap "advanced".
